

JOKES

FRIED EGGS

Three women queued to order breakfast in a coffee shop.

The first woman said to the cook, "I'd like to have a fried egg and eggwhite-free, please!"

The cook did as he was asked.

The second woman then made her order, "I also want a fried egg, yolk-free, please!"

The cook was a bit impatient but still he did as what he was told.

The third woman was about to order her breakfast but the cook stopped her immediately, "What about you? You have the egg free of what?"

The third woman answered him in her soft voice, "A fried ... egg..., eggshelf free."

MY WIFE

The newly-wed couple is now discussing about their new colleague.

Cathy: "Wow, he's so smart and handsome, everything of him is better than other people, but poor me, everything of you is worse than other people!"

Martin: "Yes, I totally agree with you! In particular, my wife!"

HARD-WORKING BROTHER

Elder sister said, "Brother, you're so great, you're the most hard-working person I have ever seen!"

Younger brother said, "Sister, it's totally because of you. I should really thank you for that."

Elder sister asked, "Why?"

Younger brother made his prompt reply, "As you are very lazy, I have to be very hard-working for the good of our family."
